

## SECTION I: Identification of the substance and the company.

**Product Name:** Tube Loob

**Provided by:** Bleederhead Computers Inc.  
1622 Payne Street  
Evanston, IL 60201  
224. 456.8804

**Emergency Telephone Medical:** 1-800-338-6167

**Emergency Telephone Transport:** 1-800-424-9300 (US & CANADA -Chemtrec)  
Outside of US & Canada call 703-527-3887 (Chemtrec)

**Website:** <https://www.Bleederhead.com>

**Product Use:** Lubrication for rigid tubing in electronic cooling applications.

**General Description:** Soluble Emulsion

**Physical Form:** Liquid

**Color:** White / Opaque

**Odor:** None

## SECTION II: Hazards Identification

**Product Contains Starch:** If you are allergic to starch, do not use this product. If exposed, washed affected area thoroughly immediately.

**Eye Exposure:** Discomfort and slight irritation. Rinse eyes thoroughly with water in case of contact. If discomfort persists, contact your eye physician immediately.

**Skin Exposure:** High level of moisture on areas of skin contact.  
Rinse thoroughly with water when exposed. Minimal irritation risk.

**Inhalation:** No known effects under proper usage conditions with well ventilated area.

**Ingestion:** Stomach irritation if excessive ingestion.  
Produced with food grade material.

**Chronic Symptoms of Exposure:** No known symptoms. No applicable information.

## SECTION III: Composition &amp; Ingredient Information

INGREDIENT Description	CAS NUMBER	ACGHI TWA	TLV STEL	PEL STEL	Units
Water	773-18-5	N/E	N/E	N/E	50-80%
Amylum Carbohydrates	9005-25-8	N/E	N/E	N/E	1-15%
Tricarboxylic Acids	772-9	N/E	N/E	N/E	.001- .02

Any ratios provided in ranges are to protect confidentiality or batch variations. Certain non-hazardous ingredients may be withheld for trade confidentiality.

## SECTION IV: First Aid Measures

<b>Eye Contact:</b>	Flush heavily with water. Consult physician if irritation lasts longer than 20 minutes.
<b>Skin Contact:</b>	Rinse with water after use. Consult physician if irritation occurs.
<b>Inhalation:</b>	Remove to fresh air.
<b>Ingestion:</b>	Drink water. Contact physician immediately. Upset stomach may occur.

## SECTION V: Firefighting Measures

<b>Flash Point:</b>	Not Available.
<b>Extinguishing Media:</b>	Use fire extinguishing agent in area around of present danger. All intended extinguisher medias are suited.
<b>Thermal decomposition Hazard:</b>	Decomposition products may include carbon monoxide and carbon dioxide.
<b>Special Actions for</b>	Cautiously evacuate the scene of any persons in or around present danger. No personal risk should be taken aside from the actions of a trained and certified firefighter.

## SECTION VI: Accidental Release Measures Personal Precautions, emergency equipment, & procedures.

<b>Non-Emergency Personnel:</b>	No action involving personal risk shall be taken by anybody. Make sure to not walk or touch area of release. Always use protective equipment.
<b>Emergency Personnel:</b>	Use appropriate safety clothing and mask for cleanup. Make sure unnecessary bystanders are removed from area of release.
<b>Product Use After Spill:</b>	Discard remaining product appropriately and safely. Do not reuse.
<b>Are of Release After Spill:</b>	Make sure area is free and clean of any spilled solution before any further work resumes.

## SECTION VII: Handling and Storage.

<b>Storage:</b>	Product should be stored in a place with adequate ventilation. Discard safely after 12 months. Keep isolated and away from all other solutions / metals.
<b>Handling:</b>	Wear gloves when handling. Wear appropriate breathing gear for ventilation. Avoid breathing any vapors or fumes.
<b>Are of Release After Spill:</b>	Discard remaining product appropriately and safely. Do not re-use.

## SECTION VIII: Physical and Chemical Properties

<b>pH Level:</b>	6.7
<b>Boiling Point:</b>	>100C or 212F
<b>Specific Gravity:</b>	Not available.
<b>Appearance:</b>	Milky in color.
<b>Solubility in water:</b>	Soluble.

## SECTION IX: Exposure Control / Personal Protection

### Personal Protective Equipment for Routine Handling:

Wear proper vision protection such as goggles. Wear gloves when handling, and wash before every meal, break, and end of shift. Wear proper respiratory protection.

### Environmental Safety Routine:

Use in well ventilated areas only.

## SECTION X: Stability and Reactivity

<b>Stability:</b>	Stable.
<b>Hazardous Polymerization:</b>	Hazardous polymerization will not occur.
<b>Materials to avoid:</b>	Avoid anything that will react with water.

## SECTION XI: Toxicological Information

No known applicable information.

## SECTION XII: Ecological Information

No known applicable information.

## SECTION XIII: Disposal Consideration

State or regulatory laws may impose additional regulatory requirements for disposal.

## SECTION XIV: Transport Information

DOT Road Shipment Information - Not Regulated (49. CFR 172.101)  
Ocean Shipment (IMDG) - Not Regulated  
Air Shipment (IATA) - Not Regulated

## SECTION XV: Regulatory Information

This product does not contain any products that are regulated under SARA TITLE 3 Section 313

## SECTION XV: Regulatory Information
